Zipper pouch w/markers, 2 glue  
sticks, pink eraser, crayons, colored  
pencils

**Girls**-1 roll of paper towels

**Boys**-1 box of Ziploc sandwich size bags

## Classroom Notes

In discovery classes for grades 1-3 next year your child will have a full day of gifted pull out! During this class we will use the new common core standards as a jumping off point to explore, create, discover, build, and learn more about the world around us. A newsletter will come home before each unit detailing what is to come!

The supplies to the left will be kept in my discovery room (trailer #2), so please be sure that you purchase separate ones for your child's homeroom.

I am so excited for all of the wonderful adventures that will take place next year!

## Odyssey of the Mind

Odyssey of the Mind is an educational program that provides creative problem-solving opportunities for students of all ages, and it is coming to Sagamore next year! Team members apply their creativity to solve problems that range from building mechanical devices to presenting their own interpretation of literary classics. I am looking forward to implementing this wonderful program at our school next year, and I know the students will love it! Check it out at: <http://www.odysseyofthemind.com>
