

Hold on to your hat! You're almost in 2nd Grade!

We are so excited about having you in our class next year! There are so many fun things to learn in 2nd grade, and we are really looking forward to working with each one of you.

In 2nd grade we will be doing a lot of reading. Soon you will be reading chapter books and writing fun stories. In Math we will be adding and subtracting large numbers, graphing, measuring, and learning about fractions. We hope that you will know all the facts on the Sagamore Hills Math Fact Mountain by the end of the summer.

In Science we learn more about plants, animals, energy, motion, and the solar system. In Social Studies we study about geography and lots of fun stuff about the history of Georgia.

In 2nd grade you have a chance each week to earn Fun Friday if you complete your work and have good behavior. You will also have AR celebrations each semester, Lunch Bunch time each month, and you will go on fun field trips.

We hope each one of you has a fun and safe summer, and we can't wait to see you in 2nd grade! (Don't forget to work on your Summer Suitcase over the summer.)

Happy Summer!
2nd Grade Teachers
